# SPAN™

## SHOCK RESISTANT DRY PRESSURE GAUGES

For applications where a liquid filled gauge is not desired, **SPAN** has developed its new Dash-Pot shock and vibration resistant movement. The 'DPM' option is now available on all **SPAN** 2.5", 3.5" and 4.5" gauges in all mounting styles.

This German-made precision movement offers the shock and vibration resistance of a liquid filled gauge with the convenience and cost of a dry construction.
